TIER 3 · NO AUCTION BEFORE DELETION: THE NAME DROPS, SO PLACE A BACKORDER

Cloudflare Registrar
30-day redemption, then deleted

Amazon Registrar
Deleted names have been caught by DropCatch

Drop-catching services that take backorders:

DropCatch · SnapNames · NameJet

——— Same company, or named by the platform's owner

– – – – Observed in auction inventory, not confirmed by the platform

····· Split between platforms

⬚ Reported, or platform not named

Find the registrar in the domain's WHOIS or RDAP record, then bid or backorder where this map points. The former owner can often still renew during the auction.
